

Monica's  
I want an album that isn't empty even taking all  
the "faded" memories  
from before we met.  
I want an album that shows I didn't  
lose you but I still miss you. I want an  
album that shows you were never  
gone. I want an album that shows you were  
never gone.  
I want an album that shows you were  
never gone.  
I want an album that shows you were  
never gone.  
I want an album that shows you were  
never gone.  
I want an album that shows you were  
never gone.
